

Wireless Dual Tone Siren

Model # WAH

Our 5 inch x 8 inch electronic alarm siren is small and compact. The brackets can pivot up to 90 degrees. It features dual tone, warbling and steady sounds. It has 30 watt RMs with a sensitivity of 120 dB. The cable is concealed in the base. It is encased in weatherproof ABS plastic. It operates on a 6-12V DC.

The wireless siren is activated through the BRG Wireless Software that comes with your Solartime Master Transmitter. It is best when utilized with the Alarm Schedule software to announce breaks during the work day.

This is not a Speaker.
