

6613 Style Time Zone Clock

Model 6613N - 1.8" time & date, 10 character - 1.2" zone labels, 7 zones

Model 6613H - 2.5" time & date, 10 character - 1.2" zone labels, 5 zones

The 6613 series time zone clocks have user changeable multi-color bar-segment LED time and date displays with a ten character user changeable multi-color dot matrix digital zone label between. In many 6613 models, the clock can display up to 12 time zones through page flipping. For Example, a six zone clock can show two pages of time zone information. Likewise, a four zone unit can show three pages.

Each 6613 clock comes standard with an OCXO oscillator, which is accurate to .06 seconds per year.

For easy clock management, an infrared (IR) remote control is included with every 6613 model. An optional BRG Time Commander IR Touch Pad Remote control to use with all of your time zone clocks.

Every 6613 model includes your choice of an Ethernet or USB interface for easy time zone parameter control.
