

6614 Style Time Zone Clock

Model 6614E - 2.5" & 4.0" time, 10 character - 1.2" & 2.0" zone labels, 10 character 2" date on the top, 5 zones

The 6614 series time zone clocks have bar-segment LED time displays with ten character dot matrix digital zone labels displayed in 5 zones. Many 6614 models, the clock can display up to 20 time zones through page flipping. For example, the 6614A can show four pages of time zone information. Likewise, 6614H can show three pages.

Models 6614D through 6614F include a 10 character 2 inch alpha-numeric date. Models 6614G through 6614I include a 20 character 2 inch alpha-numeric date but can only show up to 15 time zones. The date can be arranged in any format and can include Julian dates. For instance, you could have 14 APR 09 or FRI APR 14.

Each 6614 clock comes standard with an OCXO oscillator, which is accurate to .06 seconds per year.

For easy clock management, an infrared (IR) remote control is included with every 6614 model. An optional BRG Time Commander IR Touch Pad Remote control to use with all of your time zone clocks. Every 6614 model includes your choice of an Ethernet or USB interface for easy time zone parameter control.

Features:

- OCXO oscillator accurate to .06 seconds per year
- 1.8", 2.5" or 4.0" user changeable multi-color bar segment LEDs for displaying time (red, blue, green, yellow, magenta, cyan or white LEDs)
- 1.2" or 2.0" user changeable multi-color 10 character alpha numeric dot matrix LEDs for displaying zone names
- Models that display 5 separate time zones
- Zone flipping feature that allows up to 20 zones in a single clock*
- 12 or 24 hour format
- DST and time zone offsets supported
- PC Interface: USB (default), Ethernet (\$0 cost option)
- IR remote control included
- Black brushed Aluminum frame
- Multiple cord lengths available
- US, British, Australian or European plugs
- 100-240 VAC. 50-60 cycle power
- Available on GSA, contract GS-02F-0030U

*See individual model number for details.

Oven Controlled Crystal Oscillator (OCXO)

- Accurate to 2 PPB (parts per Billion) or .06 seconds per year or about 1 second in 20 years.
- 1 thousand times more accurate than most competing clocks
- Eliminates the need for GPS or Network time synchronization for

6614 Style Time Zone Clocks

Model 6614H - 4.0" and 2.5" User Changeable Multi-Color LED Bar Segment LEDs for Time and 2.0" and 1.2" user changeable Multi-color Dot Matrix LEDs for the Zone Labels
