

Long Range Infrared Remote Control

A high power, long range IR remote is ideal for outdoor lighting conditions and for displays mounted high on a wall.

This long range IR remote extends the indoor range up to 100 feet. The outdoor range can vary depending on lighting conditions and the angle of the remote to the display.

This remote control is standard on all BRG outdoor clocks and displays and large indoor clocks that are mounted high that specify an IR remote.

Option code: IR1LR

Specifications:

- Case is made of black ABS Plastic
- Works with any BRG clock, display or time zone clock that was built with an IR receiver
- Requires two AA Batteries
- Dimensions: 2.0"W x 7.38"T x 0.63"H
